CHURCHMAN WILL IS HELD VALID

Legal Battle Over C. E. Churchman's Will Ends at Midnight.

CASE LASTS FOUR DAYS

Jury Out One Hour and Twenty-five Minutes—Churchman Left Estate Worth About $50,000.

The will of the late Charles E. Churchman was sustained by a jury in the Corporation Court. The verdict sustaining the will involving an estate valued at about $50,000, was brought in five minutes before midnight last night. A. D. Brockett was foreman. The jury was out one hour and twenty-five minutes.

The verdict ended a four days' battle to break the will of Churchman.

The verdict was short and to the point reading as follows: "We the jury on the issue joined find that the within paper writing dated November 12, 1917, is the true and last will and testament of Charles E. Churchman."

Bequests made by Churchman follow: To George E. Warfield $10,000 for valuable services and advice given in the management of his business affairs; to Lycurgus E. Uhler $5,000 for services given in connection with his business affairs; Mrs. Emma Owens $5,000; to his friend, Charles R. Howison, of Washington, $5,000, and to Samuel Napper, for faithful services, $500. The remainder of estate from the sale of his truck farm he bequeaths to the trustees of Grace [illegible] Church.

The contestants Gertrude Churchman and Miss Agnes Maxwell were represented by Attorneys Judge C. F. Nicol and Ford and Farr, the last two of Fairfax, and the will was represented by, Attorneys J. R. Caton and Son and Judge J. K. M. Norton.

After the verdict had been given the attorneys for the contestants made a motion to set aside the verdict and the motion will be heard at the April term of court.

MOONSHINERS' FEES.

One Makes More in Three Days Than Judge Does in a Year.

DANVILLE, Va., March 20.—The semi-annual session of United States Court closed Wednesday afternoon, the record docket being disposed of in an unusually short time. Although more than 200 cases were docketed there were only three jury trials and only one man sentenced to the Federal Penitentiary. The other cases were either submitted, filed away or continued.

The outstanding feature of the session has been the harvest reaped by attorneys. Moonshiners no longer offer their $25 fee for representation in court and it is not uncommon that a lawyer will earn $1,000 for work consuming less than 15 minutes. One attorney who had 50 cases in hand, a majority of which were submitted, is reported to have made nearly $10,000, while another lawyer, with a wide rural clientele, made more in three days than Judge H. C. McDowell does in a year. The moonshiner is helpless when he comes to court, has a wholesome dread of confinement and will pay liberally an astute lawyer well versed in Federal procedure.

Whereas, It has been customary annually, in the Spring, for the Governor, to designate by official proclamation a day to be known as Arbor Day, to be observed throughout Virginia as a day of planting of trees, shrubs and vines about the homes and public places, and along the public highways, to contribute to the economic wealth and attractiveness of the Commonwealth; and

Whereas, By resolution of the General Assembly of Virginia, signed March 6, 1918, the American dog wood (cornus florida) is declared to be the floral emblem of the Commonwealth; now

Manassas Freshmen Victorious In a Hard Fought Game.

Before a large and enthusiastic crowd of supporters, the Lee School basketball team met defeat last night, for the first time this season, losing to the Manassas High School freshmen by a score of 17 to 14.

The game was well played and closely contested throughout. Several times the score was a tie and not until the whistle blew for the last period was there any certainty as to the winner.

The playing of Cecelia Shapiro, Lona Vogt and Margaret Schafe for the local team, and Almo Lunsford, Frances Pierce and Louise Rexrode for the Manassas team, deserves special mention. Time of quarters, 8 minutes.

TREATY IS LOST

Lodge Offers Resolution Instructing Secretary to Return Pact to President as Failure

The Senate at 6:45 o'clock last night voted down the resolution of ratification of the treaty of peace with Germany by a vote of 49 to 35

After the vote the chair announced that "the Senate does not advise and consent to the ratification of the treaty."

An effort was made by resolution to send the treaty back to the President. This failed and the Senate adjourned. Automatically the treaty now will be sent to the President, who may return it to the Senate if he sees fit.

Mr. Lodge offered the resolution instructing the secretary of the Senate to return to the President the treaty of peace, which was signed at Versailles June 28, 1919, and respectfully to inform him that the Senate was unable to advise and consent to its ratification, being unable to obtain a constitutional majority therefor.

THREE MEN ARRESTED

Three men arrested Wednesday in the swamps near Luray after a pistol battle with a posse, remained in their cells yesterday for arraignment. Officials were afraid to transfer them to the courtroom for the preliminary hearing. The judge stood outside the steel cage.

This was an unprecedented procedure in Luray.

The three men, who gave the names of Carson and Elmer Jenkins, and H. W. Wingert pleaded guilty to a charge of robbing the store of Shrylock and Foltz at Stanley, Page county. They were said also to have confessed theft of $500 in merchandise from the hardware store of Emmert Bro., in Hagerstown, Md.

GERMANY STILL STORM TOSSED

Bolshevism Grips Important Cities of the Empire.

AFTER LUDENDORF

Warrants for Arrest of Hun Leader and Bauer, His Right-hand Man, Are Issued.

Berlin, March 20.—Essen surrendered yesterday afternoon to armed workmen, after violent fighting in which it is estimated that three hundred persons were killed.

It is reported that Communists have occupied five railroad stations to the east of Berlin, and that troops are being rushed thither in armored cars.

London, March 20.—One hundred persons were killed and more than 200 others wounded in collisions in various quarters of Berlin Thursday, according to advices from the German capital received by way of Copenhagen. Eye witnesses of occurrences which took place outside the town hall relate disorders, and it is declared that in the suburb of Schoenberg fifteen officers of the Baltic troops were literally trampled to death by the crowd.

Dispatches from the German capital state that persons arriving in Berlin by automobile from points in South Germany report that the radical labor elements are everywhere in charge of the important centers. These travelers say that the workers are not only armed, but are besieging the government troops in their own barracks at many points in southwestern and central Germany, and that soviet governments have been installed in several cities

The Exchange Telegraph issues a report to the effect that a telephonic message from Berlin says that a hundred persons were killed in the fighting at the Brandenburg Gate in Berlin, and that the dining room of the Hotel Adlon was completely destroyed by machine gun fire.

According to the same authority, Russian Bolshevist forces are advancing from the Russian frontier.

Copenhagen, March 20.—Warrants have been issued for the arrest of General Ludendorff and of Colonel Bauer, characterized as Ludendorff's "right hand man," says a dispatch to the "Social Demokraten" yesterday from Berlin.

The Berlin correspondent of the "Politiken" declares that General Ludendorff is compromised in the highest degree in connection with the revolt.

CANDIDATE OF WET PLANK

Hitchcock Favors Sale of Light Wines and Beer

Washington, March 20.—Senator Gilbert M. Hitchcock, of Nebraska, administration floor leader in the Senate, will stand at the Democratic National Convention as a candidate for the Presidential nomination on a platform favoring modification of the prohibition enforcement law so as to permit the manufacture and sale of light wines and beer.

Mr. Hitchcock made public here last night the text of a telegram sent several days ago to a Democratic banquet at Omaha, Neb., at which he was indorsed for the Democratic nomination. His statement on the light wine and beer question was made in response to an attack made upon him by William Jennings Bryan on the liquor question.

"Laws, while they exist, should be enforced," Mr. Hitchcock declared, "but the American people cannot be denied the right to change them.

SHOOTS TWO AND ENDS OWN LIFE

Henry Johnson, Colored, Runs Amuck With Pistol.

INQUEST HELD TODAY

Mary McPhearson Killed and Her Mother Bettie Badly Wounded—Woman Has Chance for Recovery.

Crazed by jealousy, following a violent quarrel, Henry Johnson, colored, about 28 years old, who lived at 616 South Fairfax street, shortly before 6 o'clock last night, shot and killed Mary McPhearson, colored, fifteen years old, and badly wounded the girl's mother, Bettie McPhearson, about 34 years old, and thinking he had killed both, then shot and killed himself.

The scene of the shooting was enacted in the street in front of the shack they occupied at 616 South Fairfax street. The girl died instantly after Johnson had pumped two bullets from a 38-caliber pistol into her body. The mother of the girl received two bullet wounds.

Supposing both were dead, the madman then returned into the house and reloaded his pistol and ran into the street and fired a bullet through his mouth, dying instantly.

The shooting created considerable consteration in that neighborhood, and a crowd of 500 persons gathered and stood around the bodies until the arrival of Coroner Jones. Many persons were passing at the time of the shooting and they all sought places of safety.

The police were summoned and Sergeant Campbell and Policemen Magner and Lunsford arrived and began an investigation. From what they learned of the affair the McPhearson woman and her daughter and Johnson all lived in the same house. Johnson, on arriving home from his work as a laborer at the plant of the Virginia Shipbuilding Corporation, accused the woman of misconduct with others. She denied the charge and accused Johnson of misconduct. Johnson, at this juncture, remarked he intended to kill her, and he proceeded to a bureau drawer and secured the pistol. The woman ran from the house and her daughter followed, the daughter endeavoring to protect her mother from the infuriated man. Because of this Johnson killed her first and then followed the shooting of her mother a minute afterward. The elder McPhearson woman fell at the first shot and feigned dead, otherwise the police believe the man would have pumped more bullets into her body.

The McPhearson woman was rushed to the Alexandria Hospital and treated by Dr. M. D. Delaney. She has a bullet wound in the arm and also is shot in the chest. The hospital attaches think she has a fighting chance for recovery.

Coroner T. M. Jones today had an inquest over both bodies at Wheatley's mortuary chapel. The testimony of six witnesses was heard, but they threw no light on the cause of the shooting. In the case of Mary McPhearson the jury gave a verdict that she came to her death from two gunshot wounds inflicted by Henry Johnson.

This jury was composed of M. L. Dinwiddie, foreman; James W. Reed, Harvey Henshaw, E. Ashby Warfield, J. R. Thomas and W. F. Duncan.

In the case of Johnson the jury gave a verdict to the effect that he came to his death from a gunshot wound inflicted by himself. This jury was composed of the following: Thomas Chauncey, foreman; C. Wingate Summers, Thomas W. Robinson, G. E. Sullivan, Edwin B. Garth and H. Friedlander. Johnson came here about two years ago from Columbia, Va., and it is reported that on numerous occassions he had frequently made threats against the McPhearson woman. He was regarded as a bad man, the police say.

DUCHESS IN OLD BOX CAR.

Sister of Late Czar Found in Squalor and Rags.

WASHINGTON, March 20.—Clothed in rags and living in squalor in an abandoned box car, the Grand Duchess Olga, sister of the last Czar of Russia and one of the three surviving members of the Romanoff family, has been found by American Red Cross workers.

A report to the national headquarters of the Red Cross here yesterday said the grand duchess, in abject poverty, was living in her makeshift quarters near Norvorossisk. The woman, who was a leading figure in the most gorgeous and sumptuous court in the world, was found toiling among fellow refugees from the territory recently conquered by the Bolheviki. It is said she was giving such assistance as she could to unfortunate men and women around her, although herself clad in rags and grateful for any food and clothing she could find.

"The grand duchess, formerly was the wife of Prince Oldenburg, whom she divorced, later marrying a young army officer. She has two children," says the Red Cross report.

"Another sister of the Czar, the Grand Duchess Xenia, lives in London, while the only other Romanoff surviving is the Dowager Empress, who now lives at Copenhagen."

Now that it has been determined that the grand duchess is living, it is believed some of her former friends will make an effort to bring her out of Russia.

YESTERDAY'S DUAL TRAGEDY.

The normal quiet of the southeastern section of the city was disturbed shortly before 6 o'clock yesterday afternoon by the sudden appearance of a negro man and two negro women on Fairfax street, between Gibbon and Franklin. The man was flourishing a pistol and the two women—mother and daughter—were running for their lives. In less time then it takes to tell it, the younger woman was lying in the street weltering in her blood and dying, and her mother was lying prostrate with two bullet wounds. The man who did the shooting then placed the weapon at his head, and in a few minutes he had passed into the realm of shades. The origin of the trouble is unknown. The negro and his victims lived in a house on the square.

Many persons were on the square at the time, as is generally the case towards the end of the day, Fairfax street being the main thoroughfare in going to or coming from the ship yard. The frantic murderer paid no attention to them, but shot apparently into the crowd in order to kill the older woman. The bullet struck her daughter, who, it is said, was not the fiend's target. He then leveled the pistol at the mother, who, as stated above, received two bullets. She was hurried to the Alexandria Hospital, where it is believed her condition is critical.

The body of the murderer and suicide and that of the younger woman remained where they had fallen for some time. In the meantime a large crowd gathered and remained there until the arrival of the coroner, after which they were placed in an undertaker's vehicle and carried away.

The negro and his pistol has for over half a century been a problem in the southern country. Some states have passed laws making it a misdemeanor to sell firearms to irresponsible persons. Hundreds of negroes carry pistols and such weapons are openly displayed in shop windows.

When the negroes of the country were manumitted during civil war they generally purchased watches or banjoes with the first surplus money they obtained. But few watches are bought at present, and banjoes have almost passed out of existence. A large percentage of the race however, presume they should carry pistols.

Five murders, committed by negroes, were recorded in Alexandria in one year about a decade ago.

HITCHCOCK VS. BRYAN

Senator Hitchcock, of Nebraska, has entered the race as a "moderate wet" candidate for the Democratic Presidential nomination. William Jennings Bryan, who is a candidate for delegate at large from that state, says that if he wins and Nebraska instructs Hitchcock he will not vote for the Senator, but will permit his alternate to do so. This would lead the casual reader to surmise that Hitchcock and Bryan do not love one another like brothers. The surmise would be perfectly correct. They have been fighting each other for many years. Senator Hitchcock's purpose in entering the Presidential race is chiefly for the purpose of defeating Bryan in Nebraska.

As a cotemporary says, "if it is significant that the Nebraska Senator enters the contest as a wet candidate. It is to be noted that he does not declare against the Prohibition law, but against the method of its enforcement. "I accept with out reservation the Constitutional decision of the people which abolished the American saloon forever, and, with it, strong and intoxicating liquor. I believe, however, a lawful way will be found, and ought to be found, to permit the manufacture and harmless use of light wines and beer. The Supreme Court has opened the way for this by holding that Congress may decide what constitutes intoxicating liquor."

"It must be confessed that there is enough conservatism in this platform to win many votes. It would be curious if it also held the final solution of the liquor controversy. There is no doubt that many thousands of persons who voted for Prohibition and who favor the Amendment to the Constitution, would be satisfied to permit the manufacture of beer and light wines. One of the mistakes of the intense foes o fliquor is that they provided no substitutes for what they would take away by law. There is a demand for beverages that cannot be satisfied by the so-called "soft drinks." The question is whether this can be granted without interfering with the chief purpose of the Constitutional Amendment. Mr. Hitchcock thinks it can and he is willing to make that the issue in Nebraska. In such a contest the result will be waited with more than ordinary curiosity."

HIGH COST OF LIVING

"In attacking the high cost of living," according to William Mather Lewis, director of the savings division of the Treasury Department, "we are attacking an effect and not a cause, and obtain only a temporary relief."

This is what Director Lewis told the Washington Heights Community Club last night. He remarked that in attacking high living costs "we are squirting water into the smoke and not in the fire."

"It is a question of supply and demand," he stated, "The thing for us to do is to pitch in and increase production and decrease consumption.

"The only way to do that is to work and save. So long as the public is wiling to pay $20 for a pair of shoes, and crowding to buy, shoes will be $20 a pair. But if the public restricts its buying to $6 shoes, shoes will be $6 a pair."

The wisdom of the above has long been seen by the women of Australia. They realize the the only way to bring down present high prices is to cease buying. They have resolved to wear old shoes and deny themselves of potatoes or anything else while they sell at such exorbitant prices.

There was a sore and lame feeling and a heavy bearing-down ache in my back all the time. My head felt as though somebody were pounding it and I became very nervous. I had dizzy spells, too. The way my kidneys acted bothered me a lot and caused me no little pain. The first box of Doans Kidney Pills gave me relief and by the time I had finished the second one all my kidney trouble had left me; I was entirely cured."

Faith In Strangers

The days have not yet come when the unsophisticated countryman ceases to be buncoed by smooth-tongued sharpers. Every day we hear of some one being duped, all because of innocent faith in strangers.

If we would confine our dealings as much as possible to people we know, we would fare much better. Instead of sending our money away to people we never saw and never expect to see, lets spend it where we know who gets it.

The biggest reason is that the fellow we know has to face us daily and he can't afford to "sting" us. He has a reputation for square dealing that he wants to keep. He's your local merchant---your friend. Learn to know him better. It pays you because he has to make it do so.

PREVENTS FETE

Newark, N. J., March 20.—Because of Governor Edwards' stand on the prohibition issue, Ocean Grove will not celebrate the Fourth of July this summer, the Rev. John W. Marshall, vice president of the Ocean Grove camp meeting association announced here yesterday.

The Ocean Grove celebration has been an event of statewide importance for years. The Governor always has bee nan honored guest.

"The association cannot, with consistency, invite Governor Edwards to speak at its exercises because of the Governor's misrepresentation of the moral sentiment of New Jersey," Marshall said.

Marshall was here for the third day of the Methodist conference.

VERDICT FOR WOMAN

The Virginia Sureme Court has hel dthat Maggie Walker, colored, president of a negro bank and rated as the wealthiest member of her race in Richmond, is entitled to the full amount of an accident policy carried by her husband, Amstead Walker.

The case involved the question as to whether a person killed when mistaken for a burglar is the victim of an accident. Walker was fatally shot in his home by his son, who declared he believed him to be a burglar.

A fruitless effort was made to prove that the insurer, beneficiary of the policy, had previous knowledge of the son's alleged intention to kill his father. The son was freed in police court of the charge.

SEEKING PIED PIPER

Herndon, Fallax county, is seeking a Pied Piper. There are practically no cats in Herndon. Since the first of the year a mysterious malady has been raging among the cats, and now the tabby family is nearing extiction.

The kittens are sticken with a disease that resembles cholera and die within a few hours.

Rat and mice traps hold no lure for the increasing numbers of rodents. Large quantities of foodstuffs are being destoyed by the pests.

MARNE MEMORIAL POSTER

JUST as the school children of France gave for their country's gift to the United States—the Statue of Liberty—so will American school children contribute "one cent and upward" for "America's Gift to France," a monumental statue by Frederick MacMonnies, the noted American sculptor. Mr. MacMonnies is contributing his services toward the monument which, it is estimated, will cost $250,000.

The poster shown herewith, is by Albert Sterner, noted American portrait painter. It typifies the tribute which this country will pay to the French through the Marne monument. The poster will be displayed in cities, towns, and villages, and will designate many of the places where contributions may be made during the week of March 22—a free-will offering, in which numbers of contributors, rather than size of contributions, will be sought from school children and others.

Contributions are now being received at National Headquarters, 150 Nassau street, New York, by Charles H. Sabin, president of one of New York's largest trust companies, who is treasurer of the fund.

The memorial will be erected at Meaux, on the Marne, and will rival in size and grandeur of design the Statue of Liberty.

"Let me tell you how much I appreciate your prompt action in installing telephone service for the Red Cross Christmas Seals Campaign. It took a lot off my mind that Friday morning while the fire was still burning, to know that we would have telephone service at our new headquarters within twenty-four hours."

Twenty-four hours after the fire the service had been installed.

Prompt action is the keynote of good service, and the Telephone Company is on its toes to provide just that kind.

TERRIBLY SWOLLEN

Suffering Described as Torture Re-

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on cheat or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Thefford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thefford's Black-Draught."

The Gainaday Way to Keep Young

Put your blankets, rag rugs, curtains, or odds and ends into the Gainaday any day in the week, and in the shortest space of time out they will come "cleaner than a whistle."

Of course, the Gainaday will take endless things that need washing washday—but for the cleaning of these the heaviest load off your hands on during the week, it is the most welcome helper imaginable. You can put in soiled blankets and go about your other work, and in twenty minutes or less the job is done and the Gainaday is ready for the next job.

Demonstration Offer--$10 First Payment

First.—We'll do a wash in your own home. We'll show you every step in the Gainaday process of washing by doing a week's wash in your own home. We'll wash any kind of clothes to show you how handily the Gainaday washes dainty laces and linens, or the heavier soiled pieces.

Second.—Then we'll let you use the Gainaday for two successive weeks yourself. This is the best way to convince yourself of the merits of any washer. You know then, without a doubt, that you or your servants can do your own washing easier and better.

Third.—And all this before you decide to buy

After all your own experimenting, you decide the question.

After you know just what you can do with the Gainaday, then you can decide to keep it.

Fourth.—Only $10 at first and easy monthly payments. This is the way we make it easy for you to get this wonderful household helper. The savings you will make to meet the monthly payments, and the Gainaday will soon be your very own and making profits for you in time, money and labor saved.

There are Many Gainaday Advantages

Of all Gainaday superior features, perhaps the strong swinging wringer will mean most to you. With it you can wring the clothes into the rinse, then into the blue water, and finally into the basket, all without moving the machine. Operates by electricity, of course.

The Geyser

Electric Washer and Wringer

Most Compact Ever Built

There is absolutely no waste space about the Geyser. For the same capacity the Geyser is the smallest electric washer on the market, and the most efficient. This is due to the fact that the unique propeller principle of washing (which actually drives hot, soapy suds through the clothes) enables the entire tank and cylinder space to be used, instead of only one-third to one-half of it.

The Geyser effectively demonstrates that a highly efficient washer need not be a cumbersome, unwieldy machine.

LET US DEMONSTRATE THIS MACHINE.

THE PLANT

We are starting in business with one of the most complete and up-to-date dyeing and cleaning plants to be found outside of the larger cities. Costing several thousands of dollars, when installed, the equipment is exactly the same, on a smaller scale, as that used in the largest cleaning and dyeing plants in the United States. It is specially constructed to take care of almost every kind of work in this line and, when the new plant opens next Monday morning, the residents of Alexandria may be sure of the last word in efficient machinery and equipment.

The Management

Under the management of **Mr. William Leon Slater,** who for the past 12 years has been connected with some of the largest cleaning and dyeing plants in the country, this new plant is sure to be conducted in the way best for the interests of the residents of the city at large.

Mr. Slater is thoroughly versed in the art of cleaning and dyeing and, without doubt, will prove to the people of Alexandria that their work can be done better and cheaper at home than in other cities. Mr. Slater will be glad to personally meet any Alexandrian wishing to inspect the new machinery and the plant, and intends to conduct the new business entirely along the line of "Personal Service."

GIRL FIGHTS BURGLARS.

She is Finally Knocked Unconscious By Thief.

NEW YORK, March 20.—This is the story of a little girl's brave fight against two of the meanest burglars in New York.

Margaret Hagney, 12 years old, was asleep in her home in West Twenty-fifth street, Wednesday night, when she was awakened by a noise in the adjoining room. She called out, "Who's there?" and receiving no answer, turned on a light, to discover two men rattling her bank, which contained 75 pennies. The men sprang for the doorway, with the girl giving chase, screaming at the top of her voice.

She caught the man with the bank, meantime fighting off his companion, who was endeavoring to stifle her screams, and finally was knocked unconscious by a blow on the forehead with her own bank.

The men escaped, taking the bank with them, and neighbors a few moments later broke in the house and found Margaret insensible on the floor.

Cardinal Gibbons Asks Aid For Starving Armenians

(© International.)
Cardinal Gibbons.

This is the message from James (Cardinal) Gibbons read at the big meeting in Washington in aid of the Near East Relief. The venerable primate of the Catholic Church in America is intensely interested in the appeal which the Near East Relief will make to the country in February for funds to support its work among the starving peoples of that stricken land. To the Washington meeting he wrote:

"Advices and information coming from the Near East cannot be doubted. There is great actual suffering and famine. These people, recently become independent and released from bitter thraldom, cannot support themselves. And the Christian and common instincts of humanity which have prompted the people of the United States during the last two years to relieve the distress and needs, especially of the Near East, must not be allowed to grow cold and be diminished.

"I hope we shall all unite in this present emergency and be able to collect sufficient funds to enable these peoples to live and work until next summer brings them permanent relief and subsistence. I call upon all to respond generously to the appeal now being made and trust that the committee will be gratified with the results."

$5 PER MONTH FEEDS ORPHAN

Cleveland H. Dodge Shows What Near East Relief Can Do in Efficient Purchasing.

Buying in wholesale lots and under the most favorable market conditions, Near East Relief of 1 Madison avenue, New York city, with representatives in every state of the Union, has been able to baffle the high cost of living so far as relief supplies for the suffering millions of the Near East are concerned.

Cleveland H. Dodge, treasurer, in a statement shows that the committee is able to provide food for the suffering people of the Near East at prices much lower than the average charge here.

A donation of $5 per month will provide food for one orphan; $10 per month provides not only food, but also clothes and shelter for one orphan, and for $15 per month attendance at school is assured to each orphan in addition to food, clothing and shelter.

In the appeal for funds to save the starving remnants of the Armenians and other western Asia peoples, Near East Relief is inviting the American public to "adopt" an orphan at the rates given here. Over 250,000 homeless children are in need of help in the Near East. Women's organizations, lodges, churches and social clubs are responding to the appeal by adopting quotas of orphans for support over a definite period.

WOMEN ADOPT 10,000 ORPHANS

Connecticut to Provide Foster Mothers for Little Victims of Turks.

Ten thousand little victims of Turkish brutality are to be foster-mothered by the big hearted women of Connecticut as the result of appeals by Near East Relief, the former Committee for Armenian and Syrian Relief of 1 Madison avenue, New York city. The women at a meeting voted to "adopt" that number as their share of the 250,000 homeless and starving boys and girls orphaned in the massacres and deportations.

Three hundred representatives of women's organizations attended the meeting at Hartford, at which Governor Marcus H. Holcomb presided and pleaded the cause of the stricken peoples. Another speaker was Henry Morgenthau, former U. S. Ambassador to Turkey.

Assurances that the example of these noble hearted Connecticut women will be followed by similar organizations in all the other states have been received at the headquarters of the Near East Relief, 1 Madison avenue, New York city.

AGED RECLUSE SHOT

Sykesville, Md., March 20.—Shot down Thursday night by an unidentified man as he answered a rap at his door, Joshua Merryman, an aged recluse supposed to be possessed of considerable wealth, is expected to die at any minute.

Two neighbors, Nimrod Brouthers and his wife, who were in the house when the shooting took place and who departed hurriedly when they learned what had happened, are in jail at Westminster and Sheriff Bloom and a posse of men are scouring the country for the old man's assailant.

Merryman had lived alone, in misery and squalor, since his son, who was an invalid, was taken to a hospital last summer. After that he seldom left the place, only going now and then to the village store to purchase supplies. Brouthers and his wife were in the habit of going to the hut to see if everything was all right, and it was on an errand of this kind that they went to Merryman's home last night. The three were sitting in the combined living room and kitchen in the dusk when a knock was heard at the door. Merryman arose to answer it, and as he opened the door without warning, he was shot through the stomach. The ball passed clear through his body and buried itself in the wall across the room. The old man reeled, then, without a word staggered alone up the steps to the loft, where he slept, and fell over onto the bed. Brouthers and his wife waited a few minutes and then hurriedly left the place.

They did not make any effort, it is said, to go to the old man's assistance, or to see whether his assailants were in hiding about the place.
